

Installation: 27 kV Recloser for use with SEL-651R Controller - CFE Mexico

The initial order for 54 OSM27 reclosers were supplied to CFE Guanajuato during 4Q2010. This was followed by a subsequent order for 108 OSM27 reclosers to CFE Guanajuato for delivery during 1Q2011.

These reclosers are rated 27 kV, 630 amps, 12.5 kA interrupting, 125 kV BIL. They were each supplied with a set of three internally mounted current transformers for use with the controller, as well as an auxiliary cabinet. They can perform 30,000 C-O operations at rated current, 200 full short circuit operations and are virtually maintenance free for 25 years.

The Tavrida Electric recloser is a cost effective, compact and an extremely reliable product. It is backed by a full 5 year warranty.
