

## **Installation: 27 kV Recloser Trial Installation - Hydro One, Canada**

This OSM27 was supplied complete with a SEL-651R controller for a trial installation during 4Q2009.

The recloser is rated 27 kV, 630 amps, 12.5 kA interrupting, 125 kV BIL. It was supplied with a set of three internally mounted current transformers for use with the controller, as well as an auxiliary cabinet. It can perform 30,000 C-O operations at rated current, 200 full short circuit operations and is virtually maintenance free for 25 years.

The Tavrida Electric recloser is a cost effective, compact and an extremely reliable product. It is backed by a full 5 year warranty.
