

Installation: Replacement Circuit Breaker - PWTS, Saskatchewan, Canada.

This ISM15 LD breaker was supplied to replace an existing breaker for a potash mine. It was supplied within three days to the switchgear OEM to meet the emergency requirements. It was installed during the 4Q2010.

The circuit breaker is rated 15 kV, 800 amps, 20 kA interrupting, 95 kV BIL. It can perform 50,000 C-O operations at rated current, 100 full short circuit operations and 25 years virtually maintenance free.

The Tavrida Electric Bottle Type breaker is a cost effective, compact and extremely reliable solution that requires virtually no maintenance and is backed a full 5 year warranty. This warranty also applies to the control module.

4th Quarter 2010
